

## Instructions

### Instructions

On the "Seeds" sheet fill in the team names in the yellow cells in Column B under the heading "team".  
Or paste a list from someone else into the yellow cells.

On the "Bracket" sheet choose your guess for the winner of each game from the drop down box in each cell.  
The drop down boxes will not populate until you choose earlier games.

The red cell in the center of the bracket can be used as a tie breaker (eg score of final game or anything else).

If you do not have the ability to send this sheet as your entry do the following:

On the "Picks" sheet copy the green cells in Column A under the heading "picks".

Paste that into a message you can send to the person running the tournament.

## Instructions

” from the top seed to the 64th.

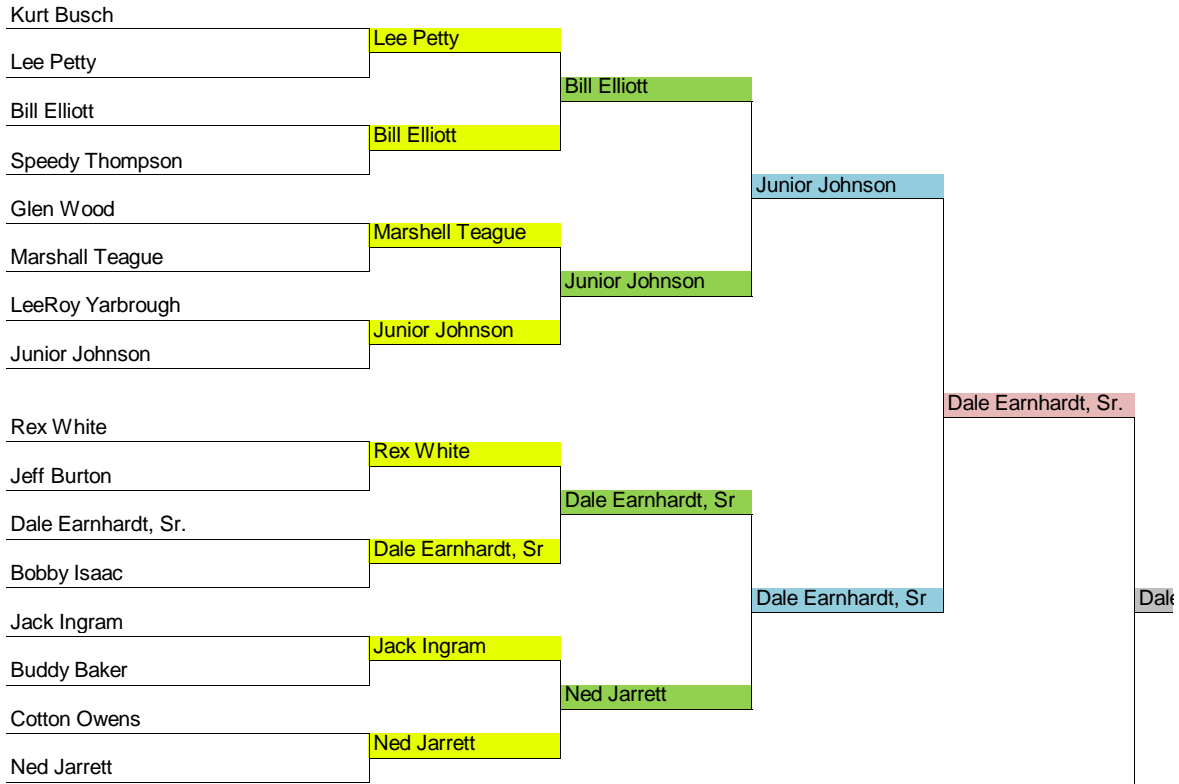

ach yellow cell.
